N. S. SUBBA RAO,
Principal.

OFFICE OF THE DIRECTOR OF AGRICULTURE IN MYSORE, BANGALORE.

Notification, dated 19th November 1925.

The following notification issued by the Indian Central Cotton Committee is published for information :—

Applications from intending candidates should be submitted to the Director of Agriculture in Mysore from whom the necessary forms can be obtained on application.

MD. ZAHIRUDDIN MECCI,
Offg. *Director.*

INDIAN CENTRAL COTTON COMMITTEE.

The Indian Central Cotton Committee will award in January 1926, 6 to 8 research studentships tenable from April 1926 for the encouragement of cotton research. Applications are invited from distinguished graduates* of Indian Universities which ordinarily should be submitted in the first instance to the Director of Agriculture of the applicant's Province or State not later than December 20th 1925. Selected applicants must be prepared to attend at Bombay for interview at their own expense.

The research studentships are of the value of Rs. 150 per mensem and, subject to a satisfactory report on the first year's work, will be tenable for two years. Successful candidates will be required to devote their whole time to research work during their tenure of the studentships, will be placed under an experienced research worker actually engaged on cotton research for training in research methods and will be expected to carry out a definite investigation under general direction.

In allocating students to the various institutions in India offering facilities for such students consideration will be given to the student's wishes, but the Committee reserve absolute discretion in this respect.

The Committee desire it to be clearly understood that no guarantee whatever of subsequent employment is given or implied by the grant of a scholarship. The Committee believe, however, that there is a demand in India for qualified research workers and will keep possible employers advised of the names and qualifications of suitable candidates.

The Committee reserve the right to withdraw the scholarship of any student whose conduct or progress is unsatisfactory.

Studentships to be awarded in 1926 are provisionally allotted to the different branches of agricultural science as follows:—

Botany	Cotton Breeding. Cotton Physiology. Cotton Mycology.
Entomology	Cotton Pests.
Cotton Technology	Textile Physics.

* An honours degree in the special subject selected, or its equivalent is the minimum qualification.
